Buildings and Grounds:

It was discussed where to put the new ice machine.

Winterizing has been completed. Water is off/Bases are plugged/Tractors are cleaned. Complex is done, however sign removal will happen in the near future(volunteers are appreciated).

Lighting: The board will be provided 5 estimates for review to determine the best path moving forward(to refurbish/replace lights on RPYBSL fields).

Joe Petrowski has been contacted to provide **netting** to prevent broken windows in the new apartment complex. Also discussed was providing **shading** for the apartment complex windows to cut back on glare which impacts batters and pitchers during league play.

A **new “lip”** will be cut into the infield for potential safety and performance considerations.

New dirt will be added to the fields.

Scoreboards: JG intends to reach out to get new remotes for the scoreboards.

General Discussion:

Victor-Inquires about **baseball/softball winter training**. It was determined that it is not fiscally feasible to participate. Victor was encouraged to pursue further.

Survey-Monkey will be utilized to determine the zeitgeist of the league community.

Daniel suggested getting a **new white board** for the kitchen.

Game changer was recommended for the league as a whole.

Kathleen asked if it is permitted to create **subcommittees** for specific chairs. It was determined that it is permissible to have subcommittees.

Don inquired about **NAYS online certification** which was suggested for assistant coaches.

Background checks were suggested as a better option for head coaches.

Daniel suggested **CPR training** be introduced for safety considerations.

Greg suggested getting a **lightning detector**.
